ABOUT SOCK CANDY

Sock Candy is a maximalist women's fashion-sock brand for the unconventional spirit. Our funky yet elegant socks feature whimsical prints, bold colors and quirky combinations. The editorially-driven designs are meant to be the eye candy and are a fun way for women to introduce individualism into their outfits, whether they are dressing up for a night out or adding a pop of eye candy to their daily look.

Sock Candy is designed specifically with a fashion-forward undertone for women seeking to express their personal style. Many women tell us they struggle to find socks that are fancy enough to pair with heels and dresses – that's where Sock Candy comes in. At an accessible retail price point of \$18-\$22/pair, customers can "sock-up" on multiple styles, so they always have the right pair for every occasion.

There are over 40 styles in the collection, ranging from delicate sheer socks to everyday cotton socks. We also don't sacrifice quality for style - our socks are made from mercerized and combed cotton with 200N count detailing.
