JLA

Spring 2024

Playful pendants,
statement hoops,
and gifting for
every occasion

Quality jewelry designed in LA with sustainability in mind 

Made with love for our Mother

At JLA we keep quality and sustainability in mind with every piece of jewelry we design. Bringing you playful, statement making, on-trend jewelry that you can feel good about wearing.

Eco-friendly Packaging

Not only is JLA's packaging really cute, it is also made of reusable and recyclable materials. We use earth-friendly poly bags that are 100% biodegradable. Our cards and shipping materials are made from 100% recycled paper.

Re-Plating

To reduce waste, we offer complimentary* re-plating on all plated JLA jewelry, so instead of ending up in a landfill your well-loved Jurate pieces can be worn

Recycled Metals

We use eco-friendly materials including solid gold, gold filled, silver, and eco brass. Our plated jewelry is now plated with 100% recycled silver and gold.

**Customer is responsible for shipping costs.
Only valid for gold-plated pieces.*

Statement making jewelry that is playful,
modern, with a bit of an edge.

JLA offers a playful twist on traditional styles
allowing you to express your individuality.

Quality

Made with the
finest materials.

On-Trend

Statement-making
pieces with
personality.

Design

Designed to ensure the
perfect fit and quality so
you can wear on the daily.

Comfy Chic at it's finest

Your search for the perfect set
ends now. Introducing LA Luxe,
our new line of luxury sets.

Always by your side,

I got you.

JLA

You had me
at woof.

Forever in your heart.

JLA

Nothing is forever,
you silly bitch.

Good things ahead.

JLA

JLA

Better Than Flowers:
Gifts with personality and
shine for every occasion

JLA Gifting

Gifts for when...

Your **bestie deserves better**

Your **fave girlfriend becomes a new mama**

Your **ride or die is killing it**

Your **partner in crime needs to hear "I got you"**

Our story

We are proud to be a women-owned and operated business that values sustainability.

Jūratė Brown is a Lithuanian born, Los Angeles-based jewelry designer and metalsmith who has had a love for design since an early age. Growing up in a communist country, fashion and design were almost non-existent. Jūratė began making the designs she coveted for herself at a young age, developing skills that later led to her talent as a jewelry maker.

Being Jūratė's biggest fan, SoCal native (and jewelry obsessed entrepreneur) Johnna Green suggested that they become partners... and Jūratė said yes! In December of 2016, they made their partnership official and Jūratė and Johnna became partners (at times it seems more like wives). Blending their two cultures together they have created a playful, statement-making, on-trend line keeping quality and sustainability in mind within every piece of jewelry they design.

Let's make something pretty... together!

An exclusive design that is only available to your store.

At JLA our team of experienced designers will work with you to create a design that matches your brand and will make your store stand out. We love nothing more than adding personality and individuality to our designs and we want to do the same for you. Just share with us your vision and us ladies will make it happen.

1. Initial Consultation

During this stage, you'll discuss your brand, design preferences, target audience, and any other requirements you have.

2. Design Concept

Based on the information gathered during the initial consultation, the design team will create a few design concepts for you to choose from.

3. Design Revision

If necessary, the team will make revisions to the selected design concept until you're completely satisfied with the final result.

4. Production

Once the design is finalized, the team will take care of the production process and ensure that the jewelry is manufactured to the highest quality standards.

**A minimum order quantity (MOQ) of 50 is required for exclusive collab designs*
